Commissioner for Patents

As communicated in the Notification of Non-Compliant Appeal Brief mailed on 11/29/06, the brief still does not comply with 37 CFR 41.37(c)(1)(v) in that it fails to contain a concise explanation of the subject matter defined in each of the independent claims 21, 28 and 34.

Specifically, applicant should merely cut and paste the pending independent claims and in parenthesis following each and every claimed structure, material or acts, provide page and line number with reference to the specification and provide reference characters to the drawings.

Further, applicant is advised that an extension under 37 CFR 1.550(c) is required to respond to this communication.

Please note the new examiner of record.
